

# Space Weather of the Heliosphere

IAU Symposium 335

## Poster Competition for Schools

We invite South West schools to attend workshops and to enter our **space weather poster competition**.

**July 17, 2017 – University of Exeter**

Students are asked to produce portrait posters (of maximum size A0) to present their projects on one of the following themes:

- The solar cycle
- Flares and coronal mass ejections
- How solar activity impacts on the Earth
- The Sun's behaviour compared to other stars

Posters will be judged and prizes will be distributed across two age categories: Years 7-9 and Years 10-12.
