**What did you like about this session?**

Variety of topics (mix of theory → MCDM methods) and application (case studies). Similarly it was a good atmosphere for discussion + networking

**How could we improve this session?**

I personally enjoyed the shorter format talks slightly more, providing a little more diversity and a change of pace. So I would suggest more speakers for less time each.

Thank you for your time in completing this short Feedback form which will help us to gauge whether our sessions meet your expectations or help to highlight shortfalls which can be addressed in the future.

**What did you like about this session?**

I came in not knowing much about MCDM – I left feeling like I understood what the field is about and how it could be relevant to me.

I was very impressed by the structure of the day – it felt like a well-scripted journey.

**How could we improve this session?**

I think it would be nice to have more interaction, maybe some group session where we can sketch out possible MCDM solutions to the problems of attendees.

More lamb samosas.

**Would you recommend this session to a fellow researcher?**

**SESSION FEEDBACK:** Workshop on Multiple Criteria Decision Making (MCDM) – 4.4.19

**What did you like about this session?**

→ Good to see lot of PhD student presenting the from different department
   work and their application

→ Good to attend the talks of MCDM from the
   experts coming from different universities.

**How could we improve this session?**

MCDM simulation platforms and
   computational aspects can be added.

**Would you recommend this session to a fellow researcher?**
**(Please tick one)**

1    2    3    4 ✓    5

Thank you for your time in completing this short Feedback form which will help us to gauge whether our sessions meet your expectations or help to highlight shortfalls which can be addressed in the future.

**What did you like about this session?**

The introductory talks giving background were useful. Also 15 min research talks kept things moving.

**How could we improve this session?**

A couple of talks didn't seem to relate to the subject very closely.

**SESSION FEEDBACK:** Workshop on Multiple Criteria Decision Making (MCDM) – 4.4.19

**What did you like about this session?**

Wide range of topics and interesting applications of multi-criteria decision making.

**How could we improve this session?**

Inviting more expert speakers from other universities. ~~Attaching~~ Linking such events with established IEEE/ACM Conferences and tutorial sessions. and organize at Exeter.
